03 November 2015

Dear Resident,

Tathra Coastal Vegetation Workshop. Saturday 14th November 2015.

Are you interested in our unique coastline, coastal headlands, cliffs and vegetation?

Do you want to find out what is being done, and what YOU can do, to protect and enhance the coastal reserves around Tathra? And hear from interesting local guest speakers?

Join Council, Tathra Landcare and your fellow community for a workshop outlining the value and management of coastal headland vegetation at Tathra on Saturday 14 November 9am-12:30pm.

Our programme for the day:

- 9:00** Welcome - Lyall Bogie BVSC
- 9:10** Coastal Vegetation – Why look after it? - Stuart Cameron, Local Botanist
- 9:40** Weeds, Threats and Garden Escapees – Lyall Bogie / Richard Roberts BVSC
- 10:10** Conservation Management Network – Ali Rodway South East LLS
- 10:20** Morning Tea
- 10:50** Tathra Landcare works in area – Jim Kelly Tathra Landcare
- 11:10** Coastal Weeds Project – Stuart Cameron
- 11:30** Walk through site with cliff weeding abseiling demonstration - Rob Summers
- 12:30** BBQ Lunch provided by BVSC (sausage sizzle) – informal Q&A
- 1:30** Thanks and Close

We would like to see as many residents as we can from close to the Tathra Reserves, to discuss garden plants and their management. You have received this letter directly because you live closeby. Escaped garden plants are one of the biggest threats to coastal vegetation in the area.

Meet at the entrance to the walking tracks near the turning circle at the end of Bay St for a 9am start. BBQ lunch provided by Council. All are welcome.

For further information please call Richard Roberts or Lyall Bogie at Council on 6499 2222.

Hope to see you there,

Lyall Bogie

Vegetation Management Coordinator
