

Wallaga Weed and Wildlife Workshop

Have you wondered how to identify and control coastal weeds?

Are you interested in learning about the beautiful foreshore environment and providing habitat for native wildlife on your property?

Join experienced bush regenerator James Cook and BVSC Natural Assets Officer Andrew Morrison for a foreshore ramble and learn how to identify and tackle coastal weeds and about the ecology and wildlife that occurs along the coastal fringe. This is the first in a series of restoration workshops as part of the **Bega Valley Coastal Habitats Restoration and Educational Walking Track** project.

When: Friday 13th May, 10am till 1pm

Where: Meet at the Murunna Point Boardwalk carpark at the end of Wallaga St

Bring: Water, outdoors clothes and sturdy footwear and your own lunch to enjoy afterwards

The Project has been assisted by the New South Wales Government through the NSW Environmental Trust

For further information or to register your interest to attend please contact Andrew Morrison at Council on 64992222 or amorrison@begavalley.nsw.gov.au
